Founded in 1987, Schmidt Consulting Group - a **small-business**, specializing in multi-disciplined engineer design solutions for Public, Private, and Commercial clients - is a leader in Department of Defense design consulting.

The **Principals of Schmidt Consulting Group have worked together for over 25 years**, completing over 500 Department of Defense projects in the last ten years.

We focus our **multi-disciplined experience and technical expertise to solve mission critical needs** for a variety of federal clients. This **Federal Focus** allows our firm to support the DoD and their clients to ensure adequate documents are delivered efficiently, while capturing the full project scope that satisfies the project requirements.

With **over 120 years of collective design experience**, Schmidt Consulting Group expands its position as a valuable team member **offering our partners unique analysis during the planning, design, and construction phase of your project.**

Schmidt Consulting Group works with our AE partners and Agency clients to **provide comprehensive professional services** and develop innovative solutions that aid in the **successful delivery of on cost, on schedule, quality projects.**

Over 75% of **Past Performance Ratings are Very Good or Exceptional** in the last five years.

SCG boasts **more than 120 years of combined experience** providing high quality, cost-effective and technologically advanced engineering services to federal government clients worldwide. **We provide:**

SERVICES

- Program Management
- Project Management
- Planning and Programming
- Design
- Studies, Surveys, and Inspections
- LEED and Sustainable Design
- Contract Administration
- Construction Administration
- Construction Phase Services

ENGINEERING DESIGN

- Mechanical, Electrical, Plumbing
- Fire Protection and Suppression
- Information Transport Systems
- Structural Engineering
- Value Engineering

SPECIALITIES

- Natural Disaster Assessments and Repairs
- Structural Inspection
- Specialized Structural Design - Seismic, Wind, and Blast
- Antiterrorism/Force Protection
- Building Information Modeling
- Energy Modeling
- Commissioning

OUR EXPERIENCE

500+

DoD projects completed
in the last 10 years

85+

years of collective
design experience

30+

years supporting
Federal missions

FEDERAL CONTRACTS

NAVFAC Southeast

IDIQ N69450-20-D-0002 - Multidiscipline A-E design and related services at various locations under the cognizance of NAVFAC Southeast.

NAVFAC Midlant

IDIQ N40085-20-R-0086 - Multi-discipline A-E services in support of small projects located primarily at Public Works Department (PWD) Norfolk NSY & NWS Yorktown area of responsibility.

USACE Mobile

IDC W91278-19-R-0034 - A-E Services to Support the U.S. Army Corps of Engineers, South Atlantic, Mobile District, Military Design and Construction Program.

Robins Air Force Base

IDIQ FA8501-21-R-0013 - A-E Services at Robins Air Force Base, GA.

Eglin Air Force Base

IDIQ FA2823-21-D-0010 - Multidiscipline A-E Services for Eglin Air Force Base, FL. The design work is located in Santa Rosa, Okaloosa, Walton, and Gulf Counties, Florida.

AFCEC – Eastern Region

IDIQ FA8903-16-D-0003 - A-E13 Design and Construction Services. Work is performed in the following states: Alabama, Connecticut, Delaware, Florida, Georgia, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, Washington, DC, West Virginia.

AFCEC – Central Region

IDIQ FA8903-16-D-0019 - A-E13 Design and Construction Services. Work is performed in the following states: Arkansas, Colorado, Iowa, Kansas, Louisiana, Minnesota, Missouri, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, and Wyoming.

PROJECT HIGHLIGHT

NATURAL DISASTER ASSESSMENTS AND REPAIRS

Hurricane Sally Design-Build RFPs and Post Construction Award Services

AGENCY

NAVFAC Southeast

LOCATION

Naval Air Station Pensacola, FL and surrounding areas

SCG completed a fast-track project to perform storm damage assessments, determine Design-Build repair scopes of work, and develop repair procurement documents for 85 buildings damaged by Hurricane Sally. The project, which had a seven-month schedule, involved site visits, investigations, and development of biddable D-B RFPs.

SCG mobilized advance teams within two weeks of receiving the SOW, and full multi-discipline teams within three weeks.

To meet the aggressive project schedule, five separate design teams were engaged concurrently to develop the 85 RFP documents. This plan was essential to successfully execute the work with an aggressive time frame and changing requirements.

Consistent daily communication, effective project management, a strong QA/QC program and appropriate project staffing allowed the team to complete all milestones on or ahead of schedule.

SCG's ability to quickly assemble a large, experienced group of multi-disciplined professionals, primarily through in-house resources, was crucial to the success of the project.

FEDERAL CLIENTS

Schmidt Consulting Group has worked with numerous clients in both the public and private sector. Listed are a few of the current and past clients:

AFCEC	Marine Forces Reserves
Air Mobility Command	NASA
Air Force Reserve Command	NAVFAC
Army	USACE
